BlueM Partners

COMPANY PROFILE

BlueM Partners

Your reliable business partner.

MEDIA & TECHNOLOGY SALES HOUSE · KOREA

bluem-partners.com · contact@bluem-partners.com

ABOUT US

A sales house focused on advertising media and technology projects

BlueM Partners connects **new advertising media** — digital out-of-home, streaming TV and mobile — and **technology projects** with the advertisers and clients who need them.

Built on long sales experience and a strong network, we close deals through **trust and execution** rather than size or capital — and we work to turn a single contract into a lasting relationship.

What our logo means

Five bars come together to form an "M" — our commitment to being the point where different media and advertisers, technology and markets connect.

How we work

Trust

We keep our promises and only say what we have verified.

Execution

Experience and network that turn opportunities into closed deals.

Long-term partnership

We aim to be the partner you come back to.

WHAT WE DO

What we do

01

Advertising media

- Led by out-of-home (OOH), plus streaming TV (FAST) in Korea
- Media proposals matched to each advertiser's goals and budget
- Coordinating the campaign and sharing results

02

Technology projects

- Clarifying the needs of companies planning software or system builds
- Introducing the right development partner
- Support from proposal through contract

03

Digital media operations

- Planning blogs and websites and running their content
- Improving search visibility and usability
- Designing ad and affiliate revenue models

How it works

1 **Inquiry** — Email or website

2 **Consult** — Goals and timeline

3 **Propose** — Media or partner proposal

4 **Execute** — Contract and coordination

5 **Results** — Toward the next project

FAST ADVERTISING · WITH K20

FAST advertising with K20

FAST (Free Ad-supported Streaming TV) lets viewers watch smart TV channels for free in exchange for ads. Together with K20, BlueM Partners sells advertising, channels and sponsorships on LG smart TV FAST in Korea.

KRW 1.17 tn
Korean FAST ad market (2028 est.)

130
LG FAST channels in Korea (Jul 2024)

6 pm–12 am
Peak viewing hours

Sources: K20 ad product deck (Jan 2025), GWI 2023
